How to make a split pin dog

1. Colour the dog in and decorate them with fur, ribbons and collars.

2. Poke holes where the dots are on the dog using a pencil.

3. Cut out the body, legs and tail around the dotted lines.

4. Put a split pin through one front leg, then the front hole of the body, then the other front leg and secure the pin by pushing the prongs out at the back

5. Repeat this with the back legs and tail
